

Welcome to the online presence of the Medical Council of Guyana

We hope you find it to be a useful resource for information on the medical fraternity in Guyana, and look forward to being able to utilise this forum as a means of providing information in an accessible manner to our members, medical students and the general public.

All Continuing Medical Education (CME) material, [application/ licence forms](#) and the relevant regulatory acts governing the medical profession in Guyana will be made available, so please visit to gain useful information and to [contact or provide feedback](#) directly to the Medical Council.

We hope that this website can enhance the work of professionals and medical students, the lives of our fellow Guyanese and our beloved country.
